**DHCD solicits applications for Community Development Block Grant Recovery funds; deadline June 12**

The American Recovery and Reinvestment Act of 2009 appropriated Community Development Block Grant Recovery (CDBG-R) funds to states to carry out CDBG eligible projects that are ready and will assist in economic recovery.

CDBG-R funds must be used in a manner that maximizes job creation and economic development benefit. The Virginia Department of Housing and Community Development (DHCD) will receive \$5.2 million in CDBG-R funds to serve the non-entitlement to the Commonwealth.

DHCD has just released a Project Plan Request that explains the CDBG-R program and how applicants can request these funds. The deadline for submitting a Project Plan to DHCD is June 12, 2009. [Here's a link that goes directly to information about the application.](#)
