

Profile

RRMM Architects is recognized as one of the leading, dynamic design firms offering architectural, design build, interior design, and planning services. RRMM Architects is headquartered in Norfolk, Virginia with additional offices in Roanoke and Fairfax. We offer you more than 105 talented people at our three locations, with 24 registered architects, three certified interior designers, and 21 LEED Accredited Professionals.

A Design Leader

For five of the last seven years, we have been rated as one of “Virginia’s Architectural Leaders” by the State’s official business magazine, Virginia Business. We are also a National Leader in Retail design. We were recently recognized by Retail Construction Magazine as being in the top 20 in the U.S. for the number of retail stores designed.

Design-Build

We offer you fully integrated design-build services in which we serve as a single source for your design and construction needs. The advantages of the design-build process are clear and undeniable — it’s efficient, fast, and cost effective. That translates into a greater quality project for you.

Philosophy

Our design philosophy and company focus is Principal-Based Project Services. This approach insures top quality projects that are delivered on time and within budget, and that meet or exceed the needs and expectations of our clients. It also means that what we promise at the beginning is what we deliver at the end—and beyond. Authoritative, comprehensive, and imaginative contributions to your project are the result.
