

LOCHNER

Established in 1944, the Lochner tradition of excellence and stability rests firmly on our nearly seven decades of accomplishments in surface transportation infrastructure and related services —ranging from planning and environmental studies, through design, and construction engineering and inspection services.

Today, Lochner is an independent and employee-owned business comprised of nearly 450 specialists in 26 offices nationwide—all dedicated to providing our clients with the highest level of expertise and quality products. Our focus is customer service, and with over 90 percent repeat clients, that service is well recognized. Our reputation has been built on the quality of our work and the cost-effective, innovative solutions that we have provided. Recently, we have developed considerable design-build experience, reflecting our ongoing commitment to evolve as a firm to meet our clients' changing needs.
