

Joyce Engineering, Inc. is a full-service solid waste management consulting firm dedicated solely to the solid waste industry. We specialize in providing engineering and environmental solutions for our clients throughout the Mid-Atlantic and Southeastern United States. From siting to post-closure management or environmental remediation, we are the waste industry experts! L.E. "Butch" Joyce, Jr., P.E., founded Joyce Engineering, Inc. in 1983, based on a commitment to serve the waste industry with technical excellence and strong principles. Our mission of total client satisfaction through technical excellence and employee empowerment still rings loud and clear today. JEI provides for our clients a comprehensive engineering and environmental team by offering a variety of solid waste consulting services.
