Take Advantage of VACo's Network Consulting Services

As an added member benefit, VACo's technical services staff can help your county navigate through the myriad of networking technology options, assess short-term and long-term goals and design a personalized solution for your needs.

We want to provide you with guidance to help your county develop a strategy for achieving its technology goals. It's all part of VACo's commitment to Virginia's 95 counties to be:

- Efficient, innovative and goal oriented
- A valuable resource network for planning and implementing new ideas and technologies

Whether your county is starting from the ground up to implement a network solution or is in need of a redesign of an existing network, we're here to help. We'll start by talking to key technology and management staff to identify the technology goals and objectives of your organization. Together, we

will determine a strategic direction that can improve productivity, reduce operating costs and increase efficiency. It's important to note that VACo will not be the vendor that will provide hands-on implementation and installation.

What services are offered?

- Network Design & Integration
 - * Network needs analysis
 - * Local Area Networks (LAN) and Wide Area Networks (WAN)
 - * Disaster recovery options
 - * Internet/Intranet integration
 - * File server configurations
- Security Assessment
 - * Virus Protection: Active and passive scanning of e-mails and attachments, as well as files that move about your network to ensure that they are free of malicious software
 - * Intrusion Detection: Scanning to detect unauthorized access to your network through active computer and information monitoring
 - * Vulnerability Assessment: In-

depth analysis of critical systems providing a customized security blueprint, thus reducing weaknesses in your network

- * Security Policy and Implementation: Developing and implementing a tailored policy, using high availability equipment and other industry standard security measures

Experience counts

John N. Kandris, A+, ACT CCA MCP, has extensive network administration and network integration and building experience both in the government and private industry sectors. He has designed, installed and implemented VACo's state-of-the-art network. His clients have included major companies such as Dupont Fibers Federal Credit Union, Cigna Healthcare and Bank of America. Contact John at jkandris@vaco.org or (804) 343-2508. ☼

EPA Grants Available

The U.S. Environmental Protection Agency (EPA) has \$2.7 million to support community based partnerships for reducing risks from toxins. The EPA will award the funds to cooperative agreements through its Community Action for a Renewed Environment (CARE) program.

Local governments, tribes, non-profit organizations and universities may apply for funding. The EPA will conduct conference calls on Feb. 20 and 26, and March 1 for prospective applicants to ask questions about the application process. Applications are due April 9.

For additional information about the 2007 cooperative agreements, projects awarded in 2005 and 2006, and how to apply, visit <http://www.epa.gov/care/agreements.htm>. Additional information about the CARE program is available at <http://www.epa.gov/care/>. ☼
