

The County of Warren is now accepting applications for the following full-time position:

### **DEPUTY BUILDING OFFICIAL**

This position assists in planning, coordinating, supervising, and participating in building, mechanical and plumbing inspection activities with responsibility for compliance with the Virginia Uniform Statewide Building Code and the Virginia Erosion and Sediment Control Regulations. Assists with administration of related laws and ordinances. Duties include, but are not limited to, review of building and erosion and sediment control plans and investigation of complaints. Supervision is exercised over all department personnel in the absence of the Building Official. Comprehensive knowledge of building, electrical, plumbing, and mechanical code enforcement and through knowledge of building, construction, engineering and structural engineering principles and practices is required. Successful candidate must possess ability to effectively supervise the work of subordinates and strong written and oral communication skills. State building and erosion and sediment control certifications preferred; required to obtain state building certification within 18 months of employment and emphasis on commercial and erosion and sediment control certification within one year. Any combination of education and experience equivalent to graduation from an accredited college or university with major course work in engineering, planning, architecture or related field and extensive experience in building code enforcement and inspections work is required. Driver's license valid in Virginia also required. Starting salary is \$50,656.84, depending on qualifications. For employment application, including job description, contact Warren County Administrator's Office, 220 North Commerce Ave., Suite 100, Front Royal, Virginia, 22630, 540.636.4600, or applications may be obtained online at [www.warrencountyva.net](http://www.warrencountyva.net). **Position open until filled.** EEO.
