The Opioid Addiction Crisis in the Northern Shenandoah Valley

A Community Response
Objectives

• Overview of the Problem
• Formation of the Northern Shenandoah Valley Substance Abuse Coalition
• Roles of key system representatives, community mental health organizations, and outpatient treatment centers
• Suggestions for sustainability
The Story We Want to Share

The Northern Shenandoah Valley Substance Abuse Coalition

• A dynamic, multi-disciplinary collaboration of law enforcement (prosecution and defense resources alike), health, child welfare, family courts, county and city leadership, and community members impacted by the crisis of heroin and opiate addiction

• Has brought together a diverse set of local, community partners that work collaboratively across disciplines to respond to a public health crisis in the Valley contributing time, talent and treasure
Our Community’s Reality
“We cannot arrest our way out of this problem.”

November 2014 Summit

• With critical support and expertise from Casey Family Programs, we pulled together 100 local decision-makers and stakeholders in the community to address this public health crisis:
  – Law enforcement, Health Care, Judiciary, Government, Community Service Board, Educators, Social Services, recovery community, private substance abuse and mental health providers, non-profit organizations, and concerned citizens
The participants were presented with key data highlighting the community-wide effects of opioid and heroin addiction in our community.

Launched The Road to Recovery website with information and links to community resources for treatment and help (www.roadtorecovery.info)
Adopted Desired Future State:
By January 1, 2017 the Winchester, Frederick, and Clarke community will have a comprehensive coordinated approach to the prevention, treatment and adverse societal impact of addiction, as evidenced by:

- A decrease in mortality from overdoses
- A decrease in the incidence of substance exposed infants
- A decrease in the incidence of children needing social services intervention due to parental/caregiver addiction
- A decrease in the incidence of crimes attributable to addiction
