

TOWN OF DAYTON
Public Works Department
Water Plant Operator and PW Technician

The waterworks plant operator is responsible for the complete operation and maintenance of the town's water filtration plant, including Local and State requirements, which are administered by the State Health Department and the Department of Environmental Quality. In general, the Operator monitors the daily operation of the water plant through physical checks and computer monitoring. Monitoring includes, but not limited to water levels in storage, rate of filtration, chemical applications, backwash cycles, finished water quality, systems function and sewer/water infrastructure repair and replacement as needed.

Other Duties: Mowing, weed-eating, and trash removal as it relates to Town parks and other lands owned or maintained by the Town and snow removal and other duties as assigned by the Public Works Supervisor. Semi-skilled experience in certain areas of maintenance such as, but not limited to, electrical, carpentry and road maintenance preferred.

Minimum Requirements

Must possess a valid Class 3 or higher State waterworks license issued in Virginia.

Must possess a valid State driver's license.

Ability to obtain CDL.

Ability to maintain accurate records as per State law requirements.

Ability to pass a criminal background check.

Resumes will be accepted until 4:00 p.m. Friday, May 5, 2017 at 125 B Eastview Street, Dayton, VA 22821. The Town of Dayton is an equal opportunity employer.
