

Republic Services is proud to serve

VIRGINIA ASSOCIATION OF COUNTIES

Keeping our communities safe and clean is our first priority, including right here in Virginia, with employees dedicated to the local residents and businesses. This is where we live and work, and we're committed to doing our part to help Virginia continue to thrive. We have the national infrastructure to get the job done and the local team to ensure it's done with your neighborhood top of mind.

Here's what makes us different:

Local Team, National Network

We have an extensive infrastructure, but we live and work in the same communities you live and work in.

- ▶ 16,000+ trucks make up the 5th-largest vocational fleet in America
- ▶ 900 locations nationwide tailor services to each area, including locally in Albemarle, Brunswick, Campbell, Frederick, Fairfax, Fluvanna, Goochland, Henrico, King and Queen, Prince William, Roanoke, Spotsylvania, Tazewell and York Counties
- ▶ Safe drivers¹ keep your neighborhood safe

One Provider

We offer all the environmental services you might need from one place.

- ▶ Multiple sizes of carts, dumpsters and compactors for recycling and waste
- ▶ Dumpster and roll-off rentals for construction projects or home cleanouts
- ▶ Recycling solutions for bulbs, batteries and electronics
- ▶ HAZMAT and emergency cleanup services in many locations

Sustainability

We take our promise to be environmentally responsible very seriously.

- ▶ 77 renewable energy projects and 198 active modern landfills located across North America
- ▶ Carbon-conscious fleet, with trucks running on renewable natural gas and electric motors with zero exhaust emissions²
- ▶ Recognized by third-party organizations for ethics, safety and sustainability

¹ 38% better safety performance than the industry average over the last decade, according to OSHA recordable data

² 21% of fleet is powered by renewable energy gas; 5 electric collection trucks currently operating as part of pilot in NC and ID, with more to come
