

Emergency Management Program Coordinator:

Richmond Regional Planning District Commission (RRPDC) is seeking highly motivated, self-directed, qualified candidate to fill a Regional Emergency Management Program Coordinator position. Designed to carry out the planning activities prioritized through the Central Virginia Emergency Management Alliance (CVEMA), the position priority is to foster and facilitate regional coordination in the mitigation and prevention of, preparedness for, response to, and recovery from disasters of any type, including terrorist attacks. The position reports directly to the Executive Director and will coordinate activities of other staff members in the office. For more information, find a complete position description and instructions to apply at www.richmondregional.org. Applications will be accepted until the position is filled with interviews anticipated in early December.

Transportation Planning Team Coordinator:

Richmond Regional Planning District Commission (RRPDC) is seeking highly motivated, self-directed, qualified candidate to fill a Transportation Planning Team Coordinator position. The position is responsible for leading the planning, implementation, and monitoring efforts of transportation demand management, park and ride, and the regional transit vision plan for the Richmond region. Reporting directly to the Deputy Executive Director, the Coordinator will be responsible for leading key team efforts with other staff members of the organization and be accountable for project management and implementation. For more information, find a complete position description and instructions to apply at www.richmondregional.org. Applications will be accepted until the position is filled with interviews anticipated in early December.
