

## **Construction Inspector II/Environmental Quality Services-City of Chesapeake**

The Chesapeake Public Works Department is seeking a Construction Inspector II to provide inspection and enforcement services required to support the City's Erosion and Sediment Control Ordinance and the City's Stormwater Management Ordinance.

Typical tasks include, but not limited to:

Responsible for coordinating with contractors, developers and builders to conduct routine Erosion and Sediment Control and Stormwater inspections for properties under construction

Coordinates with City staff from Public Works and Development and Permits to accomplish goals, communicate information, and coordinate interdepartmental Erosion and Sediment Control and Stormwater Ordinance enforcement.

Investigates citizen complaints into Erosion and Sediment Control and Stormwater Violations.

Prepares and maintains reports and records such as erosion and sediment control routine inspection forms and inspections records.

Requirements:

- Requires an associate's degree or any equivalent combination of education and experience in civil engineering or a closely related field.
- Requires a valid driver's license and a driving record that is in compliance with City Driving Standards. Depending on position, State and/or City certification(s) may be required.
- Certification as a Combined Erosion and Sediment Control and Stormwater Inspector within 6 months of completion of DEQ training classes.
- In addition to satisfying the vocational/education standards, this class requires a minimum of two years of related, full-time equivalent experience.

Salary:

\$40,518 - \$53,687 commensurate with experience

Applications may be submitted by visiting the Chesapeake's employment opportunities website at [www.jobs.cityofchesapeake.net](http://www.jobs.cityofchesapeake.net).

The position is open until filled.
