

### [Project Manager/Project Inspector:](#)

Albemarle County is actively seeking our next Project Manager/Project Inspector to join our Facilities and Environmental Services team! The successful candidate will perform complex skilled and technical work in support of Feasibility, Programming, Design, Construction & Close-Out phases as they relate to the planning, design and construction of County-wide projects. Projects will be of a commercial and/or institutional nature and vary in scope and size. Specific project types may include, but are not limited to: schools, commercial spaces, public infrastructure, courts, libraries, etc.
