

Engineer CADD Technician II-City of Chesapeake

The Chesapeake Public Works Department is seeking an Engineer CADD Technician for its Stormwater Engineering/Drafting division. This position is responsible for using Autodesk AutoCAD Civil3D software to draft civil engineering construction plans and plats for Design Management and Construction (DCM) section and Stormwater Engineering section. To reduce survey field data used in drafting civil engineering construction plans, plats and exhibits for presentation. To edit Civil3D drawings to include civil engineering design additions, plan and profile views and cross sections. To show proposed improvements to existing field conditions.

Requirements:

- Requires an associate's degree or any equivalent combination of education and experience in civil engineering or survey drafting using computer aided drafting and design software.
- In addition to satisfying the vocational/education requirements, this position requires a minimum of one year of related, full-time equivalent experience.

Salary:

\$41,329.00

Applications may be submitted by visiting the Chesapeake's employment opportunities website at www.jobs.cityofchesapeake.net.

The position is open until filled.
