

Utility Inspector II

Town of Leesburg

Regular Full-Time

Department of Utilities

\$56,956-\$97,512 DOQ

Closing Date: Open until filled

Do you want to apply your expertise for a cause you can feel good about? Do you want to work for an organization that wants you to grow with it and offers tuition reimbursement, certification training, and a chance to learn about multiple industries? Come work for the Town of Leesburg, hometown of the 21st century! Located 35 miles west of the nation's capital in the heart of DC's Wine Country, you'll enjoy a vibrant and authentic community with "big city" amenities. The Town of Leesburg strongly encourages innovation, promotes career development, and offers excellent benefits to employees. Benefits include membership to the Town's full-service recreation center, enrollment into the Virginia Retirement System, excellent healthcare insurance, and other fringe benefits.

Who We're Looking For

If you identify with the following descriptions, then you may be perfect for the Town of Leesburg:

- Creative problem solver
- Proactive self-starter
- Life-long learner
- Strong team player
- Passionate about excellent customer service
- Positive, can-do attitude
- Effective communicator
- Desire to impart knowledge to others
- "Early adopter" of new technologies

What You'll Be Doing

This position performs technical engineering inspection work ensuring compliance with construction plans, specifications and design standards for the Department of Utilities. An employee in this class performs inspections of various projects such as sanitary sewer, water systems, water and sewer pump stations, force mains, sewage treatment facilities, and other construction jobs. Work also involves inspections on numerous construction projects from

constructability design review through all phases of construction, from ground breaking to project warranty punch and final project acceptance. Is responsible for initiating daily assignments, following through on assignments, and using independent judgment to take appropriate actions to handle standard recurring situations. Work is performed under the general supervision of the Utility Inspection Supervisor with guidance from the Deputy Director of Utilities.

What You'll Discover

The Town's Department of Utilities is a hard working team of friendly professionals who strive together to exceed excellence. Come join our team!

Minimum Qualifications

HS/GED; minimum of three (3) to four (4) years of considerable experience in construction inspections or as a construction foreman, or any equivalent combination of accepted education and experience; possession of a valid driver's license and a safe driving record; ability to obtain Commercial Driver's License (CDL) Class B with tanker endorsement within 12 months of hire; knowledge in MS Suite applications and computer program applications appropriate to the position including asset management software; ability to obtain within one (1) year of employment: VDOT Intermediate Work Zone Certification including VDOT Flagging Certification, Trench and Confined Space training, CPR/AED and First Aid certifications, and ACI Concrete Certification.
