

The City of Salem, VA is currently accepting applications for the position of Director of Technology. This position directs the daily operations of the Technology Department including computer/server operations, technical support, network support, programming, applications, and other technology functions. Work is performed under the general direction of the City Manager. The preferred candidate will have graduated from an accredited four year college or university with a Bachelor's Degree in information systems, computer science, computer engineering or related field; Master's degree preferred. Ten years progressively responsible professional experience and/or training in technology/information systems, operation and maintenance and repair; or equivalent combination of education and experience. Significant experience required in managing and/or direction Technology operation.

The candidate must possess a valid appropriate driver's permit issued by the Commonwealth of Virginia. Must be a City resident or secure residence within the City limits within 6 months of employment. An offer of employment will be contingent on background criminal/credit history check and pre-employment drug screen. The position will be opened until filled with the first scheduled screening on January 23, 2020. Interested candidates must submit by email a cover letter, resume, five job-related references, and salary history to Beth Rodgers at brodgers@salemva.gov. Hiring salary range is \$78,341.46 - \$110,000. For additional information visit www.salemva.gov. EOE
