MANAGER OF PUBLIC FACILITIES
Starting Salary: $62,338 - $65,455

This full time position plans and manages all logistical, financial and operational functions associated with the operation and maintenance of the City’s Public Facilities. The position recommends capital improvements and budget considerations regarding public facilities within the City to include managing building maintenance, custodial, and parking garage functions. The position serves as project manager for remodeling and construction projects associated with public facilities.

Position requires a Bachelor’s degree in business administration or a related field, a Master’s is a plus, supplemented by 6 – 9 years of experience managing operations, employees, and building and facility resources, or an equivalent combination of education, training, and experience. Excellent people skills and project management experience desired. Training in one or more building trades (electrical, HVAC, plumbing) is also a plus. Requires a valid driver’s license. Background check and driving record check required.

While the position is open until filled, completed City Applications with resumes should be submitted before the close of business on Friday, January 24, 2020.
