

PayIt is **bringing governments and people closer together** through our award-winning, disruptive platform. We deliver an innovative solution that enables residents to **easily access essential government services** from any device. Whether it's paying property taxes, vehicle registration renewals, tolls, utility services or court citations, interacting with **government has never been easier**. This innovative approach to government interaction has won PayIt and our government partners numerous awards – including being named to the GovTech 100 four years in a row, several Government Experience Awards on local and state levels and multiple StateScoop Awards.
