### **POSITION ANNOUNCEMENT**

#### **Network Engineer**

**ORANGE COUNTY, VIRGINIA**, a progressive community located in Virginia's Piedmont, is seeking a Network Engineer to support its Broadband Authority. The successful candidate will perform technical work overseeing and monitoring the overall network health of the Orange County Broadband Authority assets, in accordance with strategic goals and standard operating procedures. Work includes providing new services, resolving service outages, identifying and correcting potential problems, and maintaining network equipment in a high state of operational readiness. Work will be performed under the supervision of the Broadband Program Manager.

The position requires the minimum of a technical degree from an accredited college or university and/or a combination of technical certifications and years of experience managing and operating a service provider network and/or TCP/IP based network. Comprehensive experience performing service provider related network operating and maintenance is preferred. Refer to the complete job description for additional requirements related to knowledge, skills, and abilities.

Interested candidates should visit the County's website at [orangecountyva.gov](http://orangecountyva.gov) or obtain an application from the County Administrator's Office by calling (540) 672-3313. This solicitation remains open until the position is filled; the first review of completed applications and accompanying résumés will begin on June 12, 2020. The hiring range for the position is \$63,097 to \$82,027, based on qualifications and experience. Excellent benefit package includes retirement, paid leave, group life insurance, medical insurance, and professional dues and conference expenses. Orange County is an Equal Opportunity Employer.
