

## Albemarle County Local Government

### [Chief of Facilities & Operations](#)

#### *Department of Facilities and Environmental Services*

Full-Time, 12 months

Exempt, Pay Grade 22

VRS-Eligible, Benefits-Eligible

The Albemarle County Department of Facilities and Environmental Services is actively recruiting a Chief of Facilities and Operations to join our team. The successful Chief of Facilities and Operations will perform complex management and planning tasks to support the County's Public Works programs that include solid waste and facilities management, facilities, grounds, and custodial maintenance, and related capital improvement programs. Additional programs also include maintenance/management of select areas of the public right of way – as designated by the Board of Supervisors – including roadway lighting, median mowing, street sweeping, roadside trash, and signage not related to vehicular safety. The position coordinates safety and security programs for County facilities, and manages the use of County facilities by the public, lease of County facilities to third party tenants. Other divisional programs include limited community solid waste services, County vehicle fleet coordination (exclusive of public safety) and operational functions such as copying services, parking decals and interoffice mail delivery. The Chief of Facilities & Operations is an Essential Employee and is subject to after-hours recall to respond to emergencies.
