

## **Engineer IV - Design/City of Chesapeake**

The City of Chesapeake's Department of Public Works is seeking an Engineer IV with an emphasis in roadway design and proven project experience in transportation project delivery with local, state, and/or federal funding. The position is responsible for managing and supervising our Engineering Design Team. The selected candidate will have a strong working knowledge of roadway design practices and experience in supervising a team of professionals to successfully deliver projects within schedule and budget. If you enjoy working in a dynamic environment and want to make a difference for Chesapeake and its citizens, come and join our team!

**VOCATIONAL/EDUCATIONAL PREPARATION:** Requires a bachelor's degree in civil engineering or a closely related field.

**SPECIAL CERTIFICATIONS AND LICENSES:** Requires a valid driver's license and a driving record that is in compliance with City Driving Standards. A Virginia Professional Engineer license is also required or a Professional Engineer license from another state with the ability to be licensed in Virginia within 12 months of employment under a reciprocity agreement. Additional State and/or City certification(s) may be required. The Virginia DEQ Certified Plan Reviewer and/or Program Administrator for SWM is required within 12 months of employment.

**EXPERIENCE REQUIREMENTS:** In addition to satisfying the vocational/education standards, this class requires a minimum of seven years of related, full-time equivalent experience.

**SALARY:** \$83,689 – \$133,902 Depending on Qualifications
