

Engineering Supervisor

Environmental Engineering

Hiring Range: \$83,595 - \$112,852

Deadline: 11:59 p.m. January 29, 2023

Chesterfield County Government is seeking an Engineering Supervisor to for the plans review section of the Environmental Engineering Department, directly supervising a team of nine engineering staff. The purpose of this position is to ensure that applicable federal, state and local laws, ordinances, regulations and policies are uniformly and properly applied to those circumstances over which the department has regulatory authority, ensuring the proper conformance through the management of the plans review process and zoning cases. This position will communicate with public and private stakeholders verbally and in writing regarding development plans and issues; to negotiate reasonable and cost-effective alternatives to resolve issues and reach mutual consensus among stakeholders. This position interacts in depth with internal department staff, other Chesterfield community development departments and with state agencies in such areas as zoning, preliminary plan review, construction review, recordation and permitting. Candidates will work with department leadership to formulate department policies and procedures based on changes in law, ordinance or regulation. Perform other work as required.

PLEASE NOTE: Previous applicants do not need to re-apply. Applications will remain under consideration until position is filled.

Successful candidate will possess a bachelor's degree in engineering or a closely related field; seven years of increasingly responsible experience in engineering environmental design and/or regulatory design review including two years of supervisory experience; licensure as a Professional Engineer in the Commonwealth of Virginia; and within twelve months of selection, acquiring the Stormwater Combined Administrator certification and the Erosion Control Program Administrator certification from the Virginia Department of Environmental Quality; or an equivalent combination of training and experience. Extensive knowledge of practical and continuous application of federal, state, and local environmental laws, ordinances, regulations, and policies, especially as relating to stormwater and land management as well as demonstrated knowledge of stormwater and erosion control engineering and construction practices, principles, and management. **Current valid driver's license and good driving record required. Based on the Virginia DMV point system, record must not reflect a total of six or more demerit points within the twenty-four months preceding the anticipated hire date, or one major violation of six demerit points within the preceding thirty-six months. Out of state driving records must be obtained by applicant and presented at time of interview. Record must reflect at least three years of history and be dated within thirty days of the interview date. Pre-employment drug testing, FBI criminal background check and education/degree verification required.**

A Chesterfield County application is required and must be submitted online by deadline. Visit chesterfield.gov/careers to view instructions and to complete and submit an application. (804) 748-1551.
