

Stormwater Manager
Salary Range: \$ 79,900 - \$ 86,300 DOQ

The City of Fredericksburg is seeking a **Stormwater Manager** to administer the City's stormwater management and erosion and sedimentation control programs. The City is uniquely located along the Rappahannock River. It is committed to protecting and improving the environmental conditions of the River and its tributaries. This position will be the lead administrator for compliance with the conditions of the City's Virginia Stormwater Management Program and National Flood Insurance Program. The successful candidate will also ensure compliance with applicable Erosion and Sedimentation Control regulations as well as the requirements of the Chesapeake Bay Preservation Act.

Under limited supervision of the Senior Development Administrator in the Community Planning and Building Department, this position ensures that the City complies with all federal, state, and local environmental regulations to preclude pollution of the environment, particularly as a consequence of stormwater runoff. Ensures that the City's plans, policies, and facilities comply with all applicable pollution prevention requirements. Manages the Stormwater Specialist, who ensures that private development complies with all applicable pollution prevention requirements during construction.

Minimum Requirements to Perform Work:

- Bachelor's degree in civil/environmental engineering, environmental science, city and regional planning, or a related field, focusing on environmental issues (Professional Engineer License desired);
- Minimum three to five years of experience developing and managing environmental protection programs or any equivalent combination of training and experience that provides the required knowledge, skills and abilities.
- Preferred qualifications and skills include experience in environmental design, practice, education and ideologies surrounding environmental issues. Must be competent and knowledgeable in Nutrient Management, Environmental Management, Environmental Science, Watershed and Water Resources Management.
- High level of competency in the graphic design and geographic information systems. The ability to exercise independent ethical judgment is required.

Special Requirements

- Have or be able to obtain within six months the Combined Administrator Erosion and Sediment Control Program Certification and the Virginia Stormwater Management Program Combined Administrator Certification or the Dual Combined Administrator Certification and Certification as a National Flood Insurance Program Administrator
- Valid Commonwealth of Virginia driver's license
- Criminal background check

Come be part of a knowledgeable and dedicated work team committed to excellence in serving a thriving and growing community and the commitment to [City's Core Values](#). The City is a member of the Virginia Retirement System and offers competitive health, dental and vision insurance as well as generous vacation/sick leave benefits and 13 paid holidays a year.

While the position is open until filled, completed City Applications should be submitted to Human Resources by 11:59 pm on March 31, 2023. Applications and additional information may be completed on-line at: <https://www.fredericksburgva.gov/216/Employment>.

The City of Fredericksburg provides equal employment opportunities to all employees and applicants for employment and prohibits discrimination and harassment of any type without regard to race, color, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, or any other characteristic protected by federal, state or local laws.
