

OneDigital is thrilled to be one of VACo's Premier Partners.

What truly distinguishes OneDigital as a leading **insurance, financial services, and HR consulting advisory firm** is our holistic approach to creating environments that enable people to do their best work and live their best lives. OneDigital understands that counties face rising insurance costs while still struggling to attract/retain talent. This is why we use proprietary software to provide accurate and predictable insurance consulting projections for those core benefits that impact your bottom line and incorporate solutions to improve retention. While voluntary benefits may be the focus of other providers, OneDigital has the expertise in alternative funding strategies, best-in-class analytics, and an in-house actuarial team.

OneDigital has a track record of providing cost-saving solutions to counties. This has been achieved through creative funding strategies, rate holds, and exclusive partnerships with various carriers. One of these exclusive partnerships is through VACORP and Anthem Life. OneDigital is responsible for the inception of the Virginia Local Disability Program (VLDP) which is through the Virginia Retirement System (VRS). Our team of fierce advocates negotiated a 5-year locked rate, including short-term and long-term disability benefits. Your division may already work with us in this capacity, as we currently serve over 270 public sector entities in the VLDP program.
